FOR AGRICULTURAL & VETERINARY CHEMICALS

LICENCE

TO MANUFACTURE VETERINARY CHEMICAL PRODUCTS

Section 123 of the Agricultural and Veterinary Chemicals Code

Manufacturer **Steritech Pty Ltd** **Licence No** **6043**
(ACN 007 308 027)

The above named manufacturer is hereby authorised, pursuant to section 123 of the Agricultural and Veterinary Chemicals Code, to carry out the following kinds of manufacture:

Category 6 A single step in the manufacture of veterinary chemical products, namely sterilising, microbiological reduction (radiation) and testing (irradiation dose determination)

on the premises located at:

**160 South Gippsland Highway
DANDENONG VIC 3175**

in order to carry out the steps of manufacture set out in the attached Schedule 1 issued separately and forming part of this Licence

subject to the conditions imposed by the Agricultural and Veterinary Chemicals Code and the Agricultural and Veterinary Chemicals Code Regulations and to the additional conditions in the attached Schedules (Schedules 1 & 2).

This licence comes into force on the date of issue and replaces that previously issued on the nineteenth day of December 1996.

Dated this fourth day of June 1999

Alison Turner
Delegate of the National Registration Authority
