Payment

An invoice will be sent to the email address provided above. Payment must be received before or at the time of collection.

Form Submission

Please email the completed form to mrforders@steritech.com.au and mrfadmin@steritech.com.au, or bring a copy with you when dropping off the goods.

Preparing Your Hives for Treatment

Stack your pallet

A full pallet of beehives typically contains 48–54 boxes.

All lids and queen bee excluders **must be stacked on top of boxes** or placed on a separate pallet.

Lids must not be placed inside the boxes.

Wrap your pallet

All pallets must be fully sealed and wrapped in plastic on both the top and bottom.

Steritech Merrifield can assist with wrapping your pallets if required.
